Case Study

Emergency School Supplies Distribution Post-Flooding (Normandy, France)

Client:

Local education authority

Challenge:

Severe flooding damaged 20+ school buildings and stockpiles.

Our Approach:

- Set up temporary mobile warehouses within 48 hours.
- Prioritized resource replacement based on school reopening schedules.

Outcome:

- 90% of affected schools reopened within 4 weeks.
- 15,000 students received emergency learning kits.
- Recognized by national press as an exemplary rapid-response logistics effort.
