Case Study

Emergency Education Supply Chain Post-Conflict (Borno State, Nigeria)

Client:

International humanitarian organization (post-conflict education recovery)

Challenge:

Re-establish learning in conflict-affected zones with destroyed infrastructure.

Our Approach:

- Set up mobile classrooms and pre-packed school-in-a-box kits.
- Used secured convoy logistics and local escorts for safe material delivery.

Outcome:

- 80% of targeted children back in temporary schooling within 6 months.
- Distributed 100,000+ learning kits without major loss or delay.
- Recognized as a best practice model by humanitarian logistics organizations.
